PLASTERGON  
WALL  
BOARDARE YOU BUILDING OR FIXING  
UP OLD ROOMS?

Then you want to keep in mind that Plastergon Wall Board is better, cheaper and easier to put on than lath and plaster.

Remember, too, that it will last as long as your house lasts; that it will not crack or break, and will save coal bills because it is a non-conductor of cold and heat.

Another point! Plastergon is the only treated wall board on the market. It is vermin and moisture proof, fire and sound retarding.

You can make your rooms handsome with

Plastergon, for handsome designs are easily arranged.

It comes in panels of proper size and can be easily and quickly put on, and the Service Department of the Plastergon Wall Board Company of Tonawanda, N. Y., will gladly submit designs free of charge.

Don't buy any wall board until you send for or see a sample of Plastergon; one look will show its superiority.

You can obtain the wonderful Plastergon Board at

HAYDEN MAN'S WIFE  
DIES IN INDIANA

Hayden, Ariz., June 27.—W. H. Hayden, engineer in charge of the power plant for the Ray company, has received news by telegraph of the sudden death of Mrs. Hayden, in Indianapolis. Mrs. Hayden has been spending the summer with relatives in Indiana and was expected home next month.

The San Pedro and Smelter fire teams have held running practice for the last few evenings and the two Hayden teams are expected to win. The four teams will take part in a local celebration on July 4, when a prize is to be put up for the winner.

Preparations are being made by the business men of Winkelman to entertain the residents and visitors on July 4. Over \$400 has been raised to defray the expenses of the celebration. Horse racing, goat tying and other cowboy sports will be held and prizes are to be offered the winners of the various events.

The wedding of Miss Mignon Knight and Murphy Anderson took place in Phoenix at the St. Mary's Catholic church. The bride has been residing in Hayden for the past two months with her father, Curtis L. Knight, and prior to that time resided in Helena, Ark. The present home of Mr. Anderson, only immediate relatives and friends were present at the ceremony.

Frederic J. Haskins' "American Government." As long as they last, copies of Frederic J. Haskins' great book, "The American Government," may be had at The Herald office. Present clipping of this paragraph and 60 cents. By mail, 15 cents additional.—Advertisement.

DEVELOPMENT  
WORK STARTS ON  
LESLIE CANYON DAM

Douglas School Boys Construct Building for Girl's Domestic Science Class to Use.

Douglas, Ariz., June 27.—The Leslie Canyon dam project is now assured of being put through. Twenty laborers have been sent out from Douglas by engineer Franklin B. Maxwell, who is in charge, giving a total of 35 men and three teams employed. The project complete will cost \$40,000, according to Maxwell. Excavation to bedrock at an average depth of 18 feet, has been begun. Wooden forms for the substructure concrete dam 150 feet high, 200 feet long, 18 inches thick at the top and four feet thick at the bottom, are being placed.

The first concrete will be poured Sunday, according to the present calculations of the engineer. The underground flow which will be confined by the ditches and laterals of the system, approximately 1500 acres, after running through turbines and generating electrical power to pump water for irrigation of between 3000 and 3500 acres in addition. The men will work on the dam until the opening of the rainy season. They will then move to higher ground and begin work on the ditches and laterals of the system.

Boys Construct Building. The boys of the Douglas public school manual training department are constructing a building on the grammar school grounds, for use of the girls of the domestic science department. The building is 57 feet long and 25 feet wide, set upon a concrete foundation. It will contain 11 rooms. The interior arrangement will be unique, containing one large sewing room and a rest room arranged and furnished in the same manner as a modern apartment with drawing room, living room, bed room, kitchen, pantry, laundry, etc.

Canning Company Pays Dividend. Cooperative enterprise in the Sulphur Springs valley was given a big boost when checks for the first annual dividend of eight percent on the stock of the McNeal Canning Company were received by the stockholders. The plant canned nothing but tomatoes last year. This year it will run on other vegetables as well as small fruits and a very profitable season is anticipated. The chief difficulty confronting the last year was that of obtaining labor. This will probably be overcome this year by the hiring of Mexicans in Douglas when the canning season begins. The tomatoes put up last year were of excellent flavor, preserved practically whole and sold readily in Douglas in preference to outside brands at 15 cents per can.

CONVICTS TO WORK  
ON COCHISE ROADWAY

Portion of State Highway Between Bisbee and Tombstone to Be Started July 15.

Phoenix, Ariz., June 27.—At the request of the supervisors of Cochise county, state engineer Lamar Cobb, will shortly put between 50 and 75 convicts to work on that section of the state highway between Bisbee and Tombstone. It is expected that work will begin about July 15.

The distance from Bisbee to Tombstone is 25 miles. There is much heavy work to be done and it will probably not be completed for many months. Operations will be under the Hughes bill, passed during the session of the legislature to regulate the working of convicts on roads and bridges. Under this bill the necessary equipment will be purchased out of the state general fund and the cost of maintaining the camp to be paid by Cochise county.

As the law stands, the convicts must be put to work by August 15, it is probable that the equipment will be purchased out of the Cochise county road fund, which will be reimbursed later.

SHRINERS PLAN A  
\$100,000 TEMPLE

Phoenix, Ariz., June 27.—Architectural plans have been drawn for a \$100,000 shrine auditorium, to be located on Central avenue, three blocks north of the business center of Phoenix. It is to be erected for El Zolito, the only Shrine temple in Arizona. A contract will be let early in the fall and the expected completion date will be completed by next April. It will be opened with a concert by the New York symphony orchestra, which has already been booked to appear in Phoenix during April.

The temple already owns the 125-foot frontage on which the building is to be placed. It is estimated that the property is worth \$20,000.

One thousand five percent bonds of \$100 denomination will be sold to raise money for erecting the building. Members of the temple have already agreed to take the greater part of the bonds.

WINSLOW IS BECOMING  
GYPSUM SHIPPING POINT

Winslow, Ariz., June 27.—Winslow is attaining importance as a gypsum shipping point. Thirty cars of lump gypsum are shipped to Los Angeles each week by the Empire Gypsum &amp; Plaster company. Another company is making smaller shipments to the same place.

Most of that now being shipped is lump gypsum for the making of plaster. Soon pulverized gypsum, used extensively for fertilizing soil, will be shipped.

Thousands of acres of good "gyp" land lie adjacent to Winslow. The supply is practically inexhaustible.

GLENDALE BEET SUGAR  
FACTORY STARTS WORK

Glendale, Ariz., June 27.—With 300 people employed in two shifts, the annual run of the local factory of the Southwestern Sugar &amp; Land company has begun. It will produce 110,000 tons of beets and cane are handled.

About 3000 acres are planted to beets in the Glendale and vicinity. This is the first year that enough cane has been produced in commercial quantities in this valley. The beet acreage is the smallest since the industry became established here, some six years ago, but the average yield is higher than ever before.

About 1000 acres are planted to beets in the Tempe section. Nine carloads are coming from Tempe each day.

SAN SIMON VALLEY HAS  
28 ARTESIAN WELLS NOW

San Simon, Ariz., June 27.—There are now 28 artesian wells in this valley. Dr. Parney, Luther Thorstensen and Peter Jensen each bringing in a well during the past week.

Preparations have been almost completed for the July 4th celebration, to be held in San Simon. Baseball and barbecue are to be the big feature for the occasion.

Miss Harriet Witt is building a two room residence on her homestead, three miles south of San Simon.

The walls of the new school building, owned by the United Verde Copper company, and surrounding the school, are being built by the United Verde Copper company. It is the intention of D. V. Smelter. It is the intention of D. V. Smelter and John M. Sullivan, owners of Verde View, to make the town the municipal center of the Verde valley.

PLANTS ARE PREPARED FOR  
NEW TOWN OF VERDE VIEW

Prescott, Ariz., June 27.—Plans for a new town called Verde View have been filed in the county recorder's office. The townsite adjoins that of Clarkdale, owned by the United Verde Copper company, and surrounding the school, are being built by the United Verde Copper company. It is the intention of D. V. Smelter. It is the intention of D. V. Smelter and John M. Sullivan, owners of Verde View, to make the town the municipal center of the Verde valley.

Fine Remedy  
For Eczema

Also for Salt Rheum, Tetter, Poriasis, Lupus, and All Skin Affections.

Even a Microscope Won't Find a Blemish After S. S. S. Gets Through.

All skin troubles should be attacked from within by giving the blood circulation a good daily bath. This is accomplished with S. S. S., the best known and most highly recommended blood purifier ever discovered. Its action is very rapid. Its vegetable nature is such that it naturally goes right into the blood, saturates the entire circulation, bathes the tissues with an influence that enables the skin to heal quickly. The action of S. S. S. is that of an antidote, and this fact has been demonstrated time and time again in the most severe forms of weeping eczema.

Its influence in the tissues where the tiny arteries transfer the red blood for the worn out blood to the veins is quite remarkable and goes on constantly with every tick of the clock—the beat of the heart.

And the skin is thus caused to form while the germs of irritating influences that cause eczema are scattered and their harmful nature entirely suspended.

S. S. S. has a wonderful tonic influence in the blood because it contains no "dope." It is not a "physic," it is entirely free of any mineral drugs or any other drugs except the remarkable medicinal effect of the pure vegetable products of which it is made.

Few people realize how harmful are any of the strong, crude ointments that used to be in favor before they learned that S. S. S. is safe, speedy and sure. Ask at any drug store for a bottle of S. S. S. Give it a good trial and you will see a decided improvement in any form of skin trouble. Write to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga., for special free advice on eczema and any other form of skin or blood trouble.

DEVELOPMENT  
MIAMI TO BE PUT  
IN THE CITY CLASS

Growth of Mining Center Necessitates Two Additional School Buildings and Three Teachers.

Miami, Ariz., June 27.—Petitions are being prepared to present to the Glia county board of supervisors to have Miami raised to the classification of a city.

That Miami's growth is permanent is attested by the fact that the school board has secured the erection of two new buildings to accommodate the intermediate grades, and employ three additional teachers. The school is now in a building that is 10 years old. Plans are also being considered for a high school.

The construction of two four room bungalows on his lots in the Inspiration addition.

W. Baird, the official timekeeper of the Southern Pacific, will open a jewelry store on Sullivan street.

J. Jackson has opened a cigar store and factory on Sullivan street, new concrete sidewalk is being laid on Sullivan street, starting at Keystone avenue. It will run to Davisville, a distance of four blocks.

The Arizona &amp; Eastern railroad announces that on and after July 1 trains will be run to and from Globe every hour and the round trip fare will be 50 cents.

L. N. Fuller is preparing to erect a restaurant in the rear of his lot on Gibson street.

Geo. Pagnin has leased the old Tompkins building on the corner of Keystone and Sullivan streets.

A great many carpenters and mechanics are coming to Miami daily expecting to work on the new building that there are two men for every job opened.

Four cars ash, doors and mouldings bought for spot cash at bargain prices. Lander Lumber Co.—Advertisement.

HELD ON CHARGE  
OF STEALING GRIPS

Modern police methods were used to capture Robert E. Wilson, wanted on the charge of taking four grips from the Sheldon hotel. The grips were taken from a typewriter on Wednesday night and checked at the union station parcel check room. There they were identified by the rightful owners and returned.

A trap was laid for the man who checked them and who was expected to return and call for them Thursday afternoon he presented the check for one of the bags and was detained while the officers were called. Suspecting that something had gone wrong with his plan, the man started to run and exceeded the speed limit down San Francisco street.

Policeman Funk, the union station patrolman, saw him running and jumping into an automobile, started after him. When overtaken and arrested the man is said by the officer to have admitted taking the grips and also to have admitted taking a suit case from a man on an incoming train recently. He gave the name of Robert E. Wilson and his home address in Phoenix. He was taken to the police station where he was docketed on the charge of the county jail and later transferred to the county jail and his case transferred to the county court.

A Torpid Liver is a fine field  
for HERBINE

It thrives wonderfully. The certain result in such cases is a spell of Chills.

## HERBINE

Is a Powerful Chills Tonic and Liver Regulator.

It puts the liver in healthy, vigorous condition and cures the chills by restoring the balance of the system. Herbene is a fine antiperiodic medicine, more effective than the syrupy mixtures that sicken the stomach; because it not only kills the disease germs, but acts effectively in the liver, stomach and bowels, thus putting the system in condition to successfully resist the usual third or seventh day return of the chills. Herbene is a cleansing and invigorating medicine for the whole body.

Price 50c per Bottle.

James F. Ballard, Prop. St. Louis, Mo. Stephens Eye Salve is a healing ointment for Sore Eyes.

SOLD AND RECOMMENDED BY ALL DRUGGISTS.
